FINANCIAL STATEMENTS

JUNE 30, 2012 and 2011
INDEPENDENT AUDITORS' REPORT

Board of Directors
New York City Ballet, Inc.
New York, New York

We have audited the accompanying statements of financial position of the New York City Ballet, Inc. ("City Ballet") as of June 30, 2012 and 2011, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of City Ballet's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designating audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements enumerated above present fairly, in all material respects, the financial position of the New York City Ballet, Inc. as of June 30, 2012 and 2011, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The New York City Ballet, Inc. ("City Ballet") is a not-for-profit organization incorporated in 1977 in the State of New York, and a constituent of City Center of Music and Drama, Inc. ("CCMD"). City Ballet operates as an entity independent of CCMD, which provides certain services to City Ballet as described further below.

City Ballet is a tax-exempt organization and, accordingly, is not subject to income tax in accordance with §501(c)(3) of the Internal Revenue Code (the "Code") and has been classified as a publicly supported organization as defined in §509(a)(2) of the Code. Contributions to City Ballet are tax-deductible to contributors as provided by law.

The following is a summary of significant accounting policies consistently followed by City Ballet in the preparation of its financial statements:

[1] Financial statement presentation:

The accounts of City Ballet are maintained in accordance with the principles of fund accounting. This procedure classifies resources for accounting purposes into funds established to reflect the activities and objectives specified by donors and/or City Ballet's Board of Directors. The financial statements are presented in accordance with accounting principles generally accepted in the United States of America, which require that a not-for-profit organization's statement of financial position report the amounts for each of three classes of net assets, permanently restricted, temporarily restricted, and unrestricted, based upon the existence or absence of donor-imposed restrictions. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make assumptions and estimates that affect the amounts reported. Actual results could differ from those estimates.

[2] Cash and cash equivalents:

Cash and cash equivalents consist of highly liquid investments with an original maturity of three months or less. Cash and cash equivalents managed by City Ballet's investment managers as part of its long-term investment strategy are included in endowment investments.

[3] Property and equipment:

City Ballet does not own any land or buildings. Purchases of furniture and equipment that are not material are charged to current operations. Significant additions are capitalized and are depreciated using the straight-line method over the estimated useful lives of the assets.

[4] Investments:

Investments in cash, debt and equity securities and money-market funds maintained by investment managers are reported at their fair values, which are based on quoted market prices. The alternative investments, consisting of diversified hedge funds and limited partnerships, are adjusted to fair values annually, at City Ballet's fiscal year-end, based on the valuations of the underlying assets as provided by the respective investment managers. Management reviews the calendar year-end audited values provided by the investment managers and believes the reported amounts of these investments at City Ballet's fiscal year-end to be reasonable estimates of fair value.

Realized gains and losses on assets sold, and unrealized appreciation or depreciation on investments held, are reported in the accompanying statements of activities.

Donated securities are initially recorded at the fair values on the dates of gift.
NOTE A - SUMMARY OF FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[5] Endowments:

City Ballet is subject to the provisions of the Financial Accounting Standards Board's Accounting Standards Codification ("ASC") Topic 958, which provides guidance on the net-asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"). The State of New York's version of UPMIFA, the New York Prudent Management of Institutional Funds Act ("NYPMIFA"), was signed into law on September 17, 2010, with an immediate effective date. ASC Topic 958 also requires additional disclosures about endowments for all organizations (see Note J).

[6] Public support, grants, and contributions:

City Ballet reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donation. When a donor restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as part of public support including utilization of temporarily restricted net assets. City Ballet recognizes contribution revenue for donated goods and services at their fair values, with a corresponding expense categorized as supporting services.

Pledges that are collectible in future years have been discounted to their present values and recorded as income. Amortization of this discount will be recorded as additional contributions over the term of each pledge.

[7] Performance sales:

Revenue from ticket sale is recognized when the services have been rendered.

[8] Production costs:

City Ballet charges costume, scenery, and other production costs for current productions to expense as incurred. Costs relating to future productions are deferred until the year in which the productions are first presented.

[9] Allocation of expenses, income and support:

CCMD provides services to City Ballet and to New York City Opera, Inc. ("City Opera"), which was previously a constituent of CCMD, in connection with its operation and management of the David H. Koch Theater, as well as other administrative and accounting services under a management and services agreement. CCMD's Koch Theater facility expenses, facility income, and New York City facility support is allocated to the constituents based upon the number of scheduled performance weeks in the theater during the year. Administrative revenue and expense have been allocated equally between the constituents, except for contributions and grants restricted for theater improvements and depreciation of donated equipment and facilities. Allocated expenses result in intercompany receivables and payables that are periodically liquidated through cash transfers.

In May 2011, City Opera announced its intention to move from Lincoln Center and the Koch Theater. In June 2011, City Opera formally submitted a letter of intention to CCMD informing CCMD that it would withdraw from using CCMD's accounting services by September 2011, and from using its information services by December 2011. City Opera also informed CCMD and City Ballet that it would move its operations from the Theater by January 1, 2012, and it has since moved its operations accordingly.

Notes to Financial Statements
June 30, 2012 and 2011

NOTE A - SUMMARY OF FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[9] Allocation of expenses, income and support: (continued)

After City Opera's departure, the agreed-upon obligation due to CCMD from City Opera, including the balances reported in CCMD's statement of financial position, is approximately $2,600,000. Negotiations among City Opera, CCMD and City Ballet regarding the terms of its financial obligations are ongoing.

[10] Functional allocation of expenses:

Expenses are classified according to the programs for which they were incurred and are summarized on a functional basis in the accompanying statements of activities and in Note G. Accordingly, certain costs have been allocated among programs and supporting services, using reasonable ratios determined by management.

[11] Net assets:

The net assets of City Ballet and the changes therein are classified and reported as follows:

(i) Unrestricted:

Unrestricted net assets represent resources that are not subject to donor-imposed restrictions. The Board of Directors has designated certain of the unrestricted net assets to function as endowment (see Note J).

(ii) Temporarily restricted:

Temporarily restricted net assets represent those resources that are subject to the requirements of NYPMIFA and the use of which has been restricted by donors to specific purposes and/or the passage of time. Net assets released from restrictions represent the passage of time, satisfaction of the restricted purposes and/or explicit appropriation action by the Board of Directors.

(iii) Permanently restricted:

Permanently restricted net assets represent the historic dollar value of those resources that have been designated by the donor to be held and invested in perpetuity. Generally, the donors of these assets direct City Ballet to use all or part of the accumulated investment returns on related investments to support specific City Ballet programs or activities. Under the terms of NYPMIFA, market appreciation will be classified as temporarily restricted in the accompanying statement of activities, pending appropriations by the Board of Directors.

[12] Gift annuities:

City Ballet is the beneficiary of planned gifts under certain split-interest agreements, consisting of charitable gift annuities, for which City Ballet does not serve as trustee.

[13] Income tax:

City Ballet is subject to the provisions of ASC Topic 740-10-05 relating to accounting and reporting for uncertainty in income taxes. Because of City Ballet's general tax-exempt status, ASC Topic 740-10-05 has not had, and is not expected to have, a material impact on its financial statements.

[14] Fair-value measurement:

City Ballet reports a fair-value measurement of all applicable assets and liabilities (see Note B).
NOTE A - SUMMARY OF FINANCIAL STATEMENT PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[15] Subsequent events:

City Ballet considers the accounting treatments, and the related disclosures in the current fiscal-year's financial statements, that may be required as the result of all events or transactions that occur after the fiscal year-end through the date of the independent auditors' report.

NOTE B - INVESTMENTS

At each fiscal year-end, investments consisted of the following:

</tbody>
</table>

During fiscal-years 2012 and 2011, net investment income consisted of the following:

<table>
<thead>
<tr>

<th>2012</th>
<th>2011</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>(5,206)</strong></td>
<td><strong>23,297</strong></td>
</tr>
</tbody>
</table>

Included in interest and dividends are management fees of $468,000 and $433,000 for fiscal-years 2012 and 2011, respectively.

Fair-value measurement, as defined in ASC Topic 820-10-05, prescribes levels of fair-value measurement as follows:

Level 1: Valuations are based on observable inputs that reflect quoted market prices in active markets for identical assets and liabilities at the reporting date.

Level 2: Valuations are based on (i) quoted prices for similar assets or liabilities in active markets, or (ii) quoted prices for identical or similar assets or liabilities in markets that are not active or (iii) pricing inputs other than quoted prices that are directly or indirectly observable at the reporting date. Level 2 assets include alternative investments that are redeemable at or near the balance sheet date and for which a model was derived for valuation.

Level 3: Fair value is determined based on pricing inputs that are unobservable and includes situations where (i) there is little, if any, market activity for the asset or liability, (ii) the underlying investments of which could not be independently valued, or (iii) they cannot be immediately redeemed at or near the fiscal year-end.
NOTE B - INVESTMENTS (CONTINUED)

Most investments classified in Level 3 consist of shares or units in investment funds, as opposed to direct interests in the funds' underlying holdings, which may be marketable. Because the net-asset value reported by each fund is used as a practical expedient to estimate fair value of City Ballet's interest therein, its classification in Level 3 is based on City Ballet's ability to redeem its interest at or near June 30, 2012 and 2011. If the interest can be redeemed in the near term, the investment is classified as Level 2. The classification of investments in the fair-value hierarchy is not necessarily an indication of the risks, liquidity, or degree of difficulty in estimating the fair value of each investment's underlying assets and liabilities.

The following tables summarize the fair values of investments assets at each fiscal year-end, in accordance with the valuation hierarchy levels:

NOTE D - PENSION PLANS

Until fiscal-year 2011, City Ballet participated in a non-contributory, defined-benefit pension plan (the "Plan") for nonunion, salaried employees of CCMD and its constituents. In July 2010, City Ballet separated its portion of the Plan into the "NYCB Retirement Plan for Salaried Employees." The assets were allocated to the successor plan in accordance with the prescribed methodology for a spin-off plan, as outlined by Pension Benefit Guaranty Corporation ("PBGC") regulations. Benefits are based on years of service and final average compensation, as defined in the Plan. Plan benefit obligations and assets are combined for all participants of the Plan. City Ballet's policy is to fund annually the required contribution necessary to comply with the Employee Retirement Income Security Act of 1974 ("ERISA").

The following table sets forth basic information relating to the total accrued benefit liability of the Plan for each fiscal-year:

<table>
<thead>
<tr>

The Plan's assets are managed in accordance with ERISA standards for prudent investments. The investment objectives are long-term growth and current income. This investment objective seeks long-term capital appreciation, balanced by a substantial and stable rate of current income. It is recognized that this objective would entail accepting short-term volatility in the market value of the fund as a trade-off for the opportunity of earning long-term growth in capital. The Plan's assets are invested in a diversified mix of U.S. and international equity securities, alternative investments, and fixed-income securities. As of June 30, 2012, the asset allocation is 8% cash equivalents, 81% U.S. equity securities, and 11% debt securities. Asset-manager performance is reviewed at least once every three months and benchmarked against the peer universe for the given investment style.

City Ballet's target allocations of plan assets as of June 30, 2012, and the actual weighted-average allocations as of June 30, 2012 and July 1, 2011, are as follows:

NOTE D - PENSION PLANS (CONTINUED)

City Ballet's net periodic pension cost for fiscal-year 2012 and allocated net periodic pension cost for fiscal-year 2011 was approximately $858,000 and $983,000, respectively. City Ballet's accrued benefit liability at June 30, 2012 and 2011 was approximately $8,458,000 and $5,831,000, respectively, and is reflected in payroll-related liabilities in the accompanying statements of financial position. Accumulated other comprehensive loss associated with City Ballet's pension plan, inclusive of amounts allocated from CCMD, was $8,635,000 and $5,311,000 in fiscal-years 2012 and 2011, respectively.

City Ballet also contributes to union pension plans based upon a percentage of employee salaries. Pension costs associated with these plans amounted to approximately $2,616,000 and $2,519,000 in fiscal-years 2012 and 2011, respectively.

NOTE E - DONATED SERVICES

Donated services are valued at the standard market rate that would have been incurred by City Ballet to obtain them and they are recognized as both revenue and expenses in the accompanying statement of activities.

City Ballet received donated legal services in the amount of $256,000 and $240,000 for fiscal-year 2012 and 2011, respectively.

NOTE F - COMMITMENTS

[1] Samuel B. and David Rose Building:

During fiscal-year 1985, City Ballet entered into an agreement whereby it contributed, based on space usage, a pro rata share of the costs of the Rose Building. Under the agreement, City Ballet received a 99-year lease for its space. Construction costs were capitalized and are being amortized over the anticipated useful life of the building. Depreciation began in fiscal-year 1992, when the space was put into service, and amounted to $352,000 for each of the fiscal-years 2012 and 2011. Also, under the terms of the lease, in addition to its own operating costs, City Ballet is committed to pay its share of common area costs.

[2] Warehouse and telemarketing office:

During fiscal-years 2012 and 2011, City Ballet leased space for two warehouses and a telemarketing office under an agreement expiring in fiscal-year 2020. Rent expense, including rent applicable to these spaces, was $457,000 and $352,000 for fiscal-year 2012 and 2011, respectively. Future minimum lease payments under these leases are $193,000 at June 30, 2012, approximately $195,000 for each fiscal-year from 2013 through 2016, and $779,000 thereafter.
NOTE G - TEMPORARILY RESTRICTED NET ASSETS

At each fiscal-year, temporarily restricted net assets consisted of the following:

NOTE H - POSTRETIREMENT AND POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

In fiscal-year 1978, CCMD adopted the policy of providing the option to certain employees with 20 years of service and who were 65 years of age upon their retirement from City Ballet or CCMD, to continue in the group medical and life insurance plan, at no cost to the employee. The CCMD Board of Governors ended this policy in April 1995 for employees who had not vested in this benefit. In fiscal-year 1997, the CCMD Board of Governors reinstated this benefit for all active employees who, at that date, had already achieved the requisite 20 years of service. In addition, City Ballet contracts with various unions to include provisions for severance payments to members after they reach a predetermined length of service. City Ballet funds both of these obligations using the "pay-as-you-go" method.
NOTE H - POSTRETIREMENT AND POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

Unrestricted net assets of City Ballet were increased by $61,000 in fiscal-year 2012 and decreased by $179,000 in fiscal-year 2011, to record the adjustments required to balance the accrued postretirement benefit liability to the amount of the unfunded projected benefit obligation as of June 30. These amounts were inclusive of City Ballet's share of CCMD's costs. Such amounts are reflected as adjustments to net assets in the accompanying statements of activities.

The following tables set forth basic information relating to the accrued benefit liability:

The accumulated postretirement benefit obligation was actuarially determined as of June 30, 2012, using assumed discount rates of 4.85%. The assumed rate of future increases in health care was 8.0% in the first year, declining to 4.5% by fiscal-year year 2018. Had the health-care cost-trend rate assumption been increased by 1.0%, the accumulated postretirement benefit obligation would have increased by 9.5%. The effect of this change on the sum of the service and interest cost components of net periodic postretirement benefit cost would have been an increase of 11.7%. The postretirement balance is reflected as part of payroll-related liabilities.

Accumulated other comprehensive loss associated with City Ballet’s postretirement benefits, inclusive of amounts allocated from CCMD, was $494,000 and $455,000 in fiscal-years 2012 and 2011, respectively.

NOTE J - ENDOWMENTS

City Ballet's endowments consist of both Board-designated and donor-restricted funds, established for a variety of purposes. NYPMIFA requires the preservation of the historic dollar value of the original gift as of the gift date, absent explicit donor stipulations to the contrary.

NOTE J - ENDOWMENTS (CONTINUED)

[3] Donor-restricted endowment:

The historic dollar value of City Ballet's donor-restricted endowment as of June 30, 2012 was $30,669,000. A portion of the income derived from donor-restricted endowment may be used for unrestricted purposes, while some donors have restricted the income from their endowment contributions for specific purposes.

Donor-restricted endowment also includes certain challenge grant funds from the National Endowment for the Arts, which require that the gift be maintained in perpetuity with only the income being utilized. Amounts may be withdrawn from these funds during the year to finance current operations, with the condition that all withdrawals are fully repaid no later than two years from the date of the borrowing.

In addition, in accordance with an agreement with the City of New York, a donor-restricted endowment was established to act as a working capital reserve. Interest generated by this fund is available for current operations. Additionally, portions of the principal may be temporarily withdrawn during the year for financing current operations on the condition that all withdrawals be fully repaid in cash prior to the fiscal year-end.

[4] Funds with deficiencies:

Due to unfavorable market fluctuations, from time to time, the fair value of assets associated with individual donor-restricted endowment funds may decline below historic dollar value of the donor's original permanently restricted contribution. Under the terms of NYPMIFA, City Ballet has no responsibility to restore such decreases in value.

[5] Spending policy:

City Ballet has a policy permitting management to budget and expend a percentage of quarterly market values of its investment portfolio. For fiscal-year 2012, this was 5.0% of a moving average of 20 quarterly market values, through December 2010. The spending policy draw in fiscal-year 2011 was 5.0%; that fiscal-year 2011, the Board of Directors approved an additional 2.0% appropriation, based on the average market value calculation.
